The costs for processing the application amount to 208.25 euros or 32.00 euros for subsequent certificates (each including 19% VAT) and must be transferred to the VDH account. The receipt of the money has to be recorded no later than three days after submission of the application.

Reason for payment „Start Authorization doping control“
Sparkasse Dortmund
IBAN DE56 4405 0199 0281 005 499
BIC (SWIFT) DORTDE33

The applicant agrees that his/her personal data may be passed on to authorised third parties for the purpose of an expert decision on a start authorisation in accordance with VDH Doping Control Rules may be passed on to expert third parties to the extent necessary. This consent can be revoked informally at any time. The revocation only applies with effect for the future; previous data transfers remain lawful.

This medical exemption is valid for 12 months after authorization.

The applicant may apply to the VDH office for an extension of this starting authorisation for a further year, if the reason for the veterinary treatment and the quantity of the substance administered have not changed. The VDH shall decide whether to extend the starting licence. The extension is valid for 12 months from the date of issue and must be applied for using this form, which applies accordingly. In the event that an extension is granted, further processing costs of 32.00 euros (incl. 19% VAT) will be incurred. The extension can be applied for at the earliest one month before the expiry of the valid licence.

I hereby confirm that the information I have provided is correct.
